Dear Joan

I received your letter few weeks ago and was very glad to receive it. I am sorry for not writing any sooner but under certain circumstances I could not.

How Joan, how is the weather treating you? There's having one of the coldest winters Alberta has had in yrs. Here --, it sure was cold walking almost a mile on the cold days but I managed to live through somehow. I'm sure it was cold in B.C. this yr. for a large number of schools had been closed. It was one of the coldest ^{winter} yrs. you had in yrs. wasn't it? Did it effect you very much? Has B.C. opened up yet?

It certainly is nice to hear that Mimi left B.C. I can't imagine it. She wrote to me last in December and I haven't heard from her since. If she happens to write to you would you give me her new address.

There most of our group in Raymond but there are few families gone to Magrath, Sterling and Kellogg.

You see Jackie, Johnny, Tom, Toshiko, Sigie a few times. I'm sure glad Sumi is with me. so you see I'm not so lonely as I thought I'd be when I first started school. We take most of the same subjects only Sumi takes French and I take Book Kg.

Raymond was playing ^{baseball} against Sterling a few weeks ago and on Fri 12, Raymond went to Magrath to play but they had lost the game.

On Fri 12. they had the young peoples
social at the Hungarian Hall and
I'm sure everyone had a grand time.
Gee! I wanted to go but I was sick
so I couldn't go. And Thurs. we had
something down at the Buddhist Church
and I couldn't go. Harn is, Everything
has to go wrong at the wrong time.

Yoshio N. came from Nagasaki to the
Sachal for the first time I'm sure
she had a swell time.

Say have you heard from Emee.
If you have could you give me her
address. By the way how's your little
friend Sonny Chama. Gee! we miss him
but I guess you miss him just as much
or even more. or is it Albert that you miss?
Well, I better close for now. Give my
best regards to the girls in your class. Write
to me soon, won't you. Good bye.

Sincerely yours
Suzuko Ikeda.
